Classrooms go through a vast amount of supplies in a year. We try to have materials available for students to help them create high quality work all year. To this end, the more materials you can help contribute to our classrooms to start the year, the less we have to scrape things together or purchase things ourselves as the year goes on.

Shared classroom materials we need for this year are:

- Kleenex/tissues
- Hand sanitizer
- Cleaning wipes
- Expo Markers
- Post-it/sticky notes
- Colored pencils (LOTS)
- Colored markers (LOTS)
- Pencils (LOTS)
- Scissors
- Scotch tape: refills for dispensers
- Sharpies: fine and regular point, black and colored
