

We are excited to announce the rollout of our new billing and payment software for the 23/24 school year. We have been hard at work all summer to get this built and ready to implement in an effort to streamline all invoices and lunch payments. Below is a detailed guide on how to setup your account in My School Bucks. If you have any questions, please reach out to Deena Bennett at dbennett@thefsi.us or Tammy Harper at tharper@thefsi.us.

First , you will need to go to www.myschoolbucks.com.

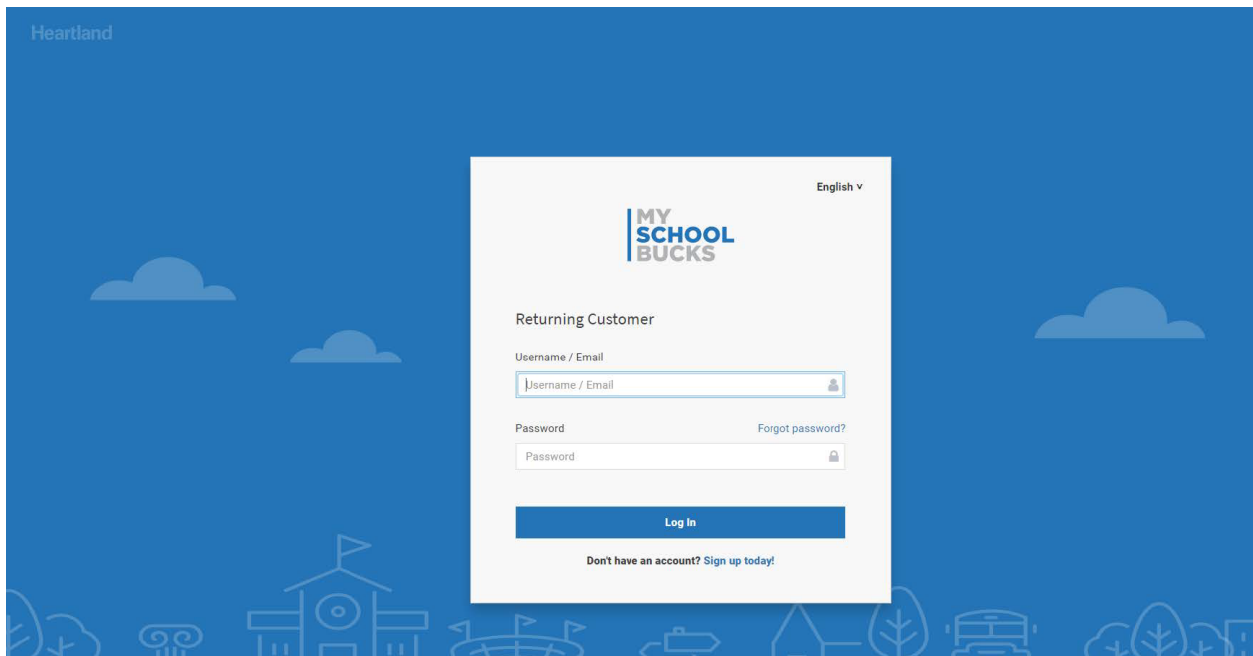

You will need to enter an email address that you have regular access to and frequently check.

You will then need to enter your first name, last name, and mobile number in order to access your account password in the event that you forget it.

After you confirm your details, you will need to login with your new username and password.

You will then click the blue “Get Started” icon located on the top page.

MY SCHOOL BUCKS

If you need to add another student, you will click the blue “Add Another Student” icon, otherwise, you will need to select the blue “Finish” icon.

After you have finished entering all of the students associated with your household, you will then be able to add money to lunch accounts, pay for Beyond the Bell services, pay for field trips, and more with the ease of one central app.
